Sir:

RESPONSE

This is in response to the Examiner's requirement for restriction, set forth in the Office Action dated January 31, 2006, in the above. Applicants elect the subject matter of Group II (claims 4-24 and 42) for prosecution in this application. The election is made with traverse and the Examiner is urged to reconsider and withdraw the requirement for restriction at least as between the claims of Groups I and II. It is noted that these two Groups are classed and subclassed identically and thus it is submitted that no undue burden would be placed on the Examiner from a searching perspective if all of claims 1-24 and 42 were to be considered in this application.

As regards the Examiner requirement for election of a single sequence, it is not clear why this requirement should apply to Group II and the Examiner is requested to clarify her position in this regard. Nonetheless, Applicants elect the sequence of SED ID NO:1 (complete V592 genome) should the Examiner maintain her position.

DAVIS POYNTER et al.
Appl. No. 10/626,832
February 27, 2006

In response to the Notice to Comply that accompanies the Office Action, attention is respectfully directed to the Preliminary Amendment and Rule 52 Transmittal Letter filed June 7, 2004. Given Rule 52, and the fact that 3 CD-R discs containing the Sequence Listing were submitted on June 7, 2004, nothing further is understood to be required but, should the Office take a different view, the Examiner is respectfully requested to point out any deficiencies in the June 7 filings so that Applicants will be better placed to respond.

An early and favorable Action on the merits is awaited.

Respectfully submitted,

NIXON & VANDERHYE P.C.
